

HP90IHCB3

90cm Built-in Integrated Cooker Hood

Engineered for optimum extraction of fumes, smoke and vapour. The powerful fan removes cooking odours from the kitchen while extremely fine filters trap all grime. It's easy to use, easy to clean and has innovative features and intuitive controls. The five speed brushless motor also provides low maintenance, more reliability, efficiency and is quieter. This model will fit perfectly into any fully integrated kitchen design.EEI Energy Class: A

Brushed Stainless Steel with black glass

Width	B 830mm

Features & Benefits

Designed to match

The black glass panel and stainless-steel surround, with touch-control panel and backlit red and white display, matches other Fisher & Paykel kitchen products.

Effective and Quiet

This Cooker hood offers four fan speeds plus a boost function, assisted by perimeter extraction for fast removal of odours and steam with a discreet appearance. The timer feature keeps the rangehood working for up to 15 minutes before automatically turning itself off.

Easy Cleaning

The glass and stainless steel finishes are easily wiped clean and the filters are effortless to clean and dishwasher safe.

Precise Control

Fisher & Paykel's Integrated Cooker hood features a sleek, easy to access angled touch-control panel. Long life, low energy, dimmable LED lights provide superb illumination over the entire cooking surface.
